\$50,000,000 Contract Capacity

US Army Corps of Engineers – Mobile District
5 Year Period of Performance (2008 – 2013)

SCOPE:

IDIQ Construction Contract for Miscellaneous O&M Construction Support with Design Capabilities for Veterans Administration and Military Installations with the Mobile District, South Atlantic Division. This contract is intended to provide quick, cost effective response to general:

- Operations & Maintenance (O&M) Reimbursable Program projects,
- New construction projects,
- Technology infrastructure upgrades,
- Correction of life safety deficiencies, and
- Renovations and repair of facilities.

Projects: Potential projects include, but are not limited to:

- Hospital and clinic facilities,
- Administrative facilities,
- Academic facilities (applied and general instruction),
- Base support and facility maintenance shops,
- Child development centers and physical fitness centers,
- Vehicle maintenance and engine repair shops,
- Lodging facilities (barracks, dormitories, and officers quarters),
- Food service facilities,
- Public safety facilities (police, fire and crash rescue),
- Airfield structures (including ridged and flexible paving), and
- Research, development and testing facilities.

The work may involve replacement in kind, renovation, repairs and modification work and/or new construction. It also may include incidental design and testing, and survey and abatement for lead based paint and asbestos containing materials, and mold and mildew renovation.
